BAY AREA CARE TEAM HOME HEALTH CARE AGENCY

SINCE 1989

BAY AREA CARE TEAM HOME HEALTH

Our Philosophy

Providing care for a sick individual can be a challenging experience for both the patient and their loved ones. Medical care in the home setting can also be a part of those challenges.

The Bay Area Care Team's experienced staff is well versed in effective treatment, management, and communication of a patient's needs to their physicians and their family members. This personalized approach makes receiving home health care services easier. Our approach helps improve quality of life for the patient and their loved ones.

We also believe that the care provided should be given with compassion while maintaining the dignity and respect of the patient. We understand how trying an illness can be for everyone involved so that is why we strive to give a higher standard of care every day.

Services Offered

- * Home visits by skilled nursing staff
- * Physical therapy
- * Home health aides
- * Consulting clients on medical and legal rights
- * Assisting families to cope with a terminally ill loved one and teach them to be caregivers
- * Helping individuals maintain maximum independence.

Insurance and Fees

The Bay Area Care Team accepts the following insurance:

- * Medicare
- * Medi-Cal
- * Private insurance on a case by case basis.

About Us

The Bay Area Care Team is a business run and owned by the O'Connor family all of whom were born and raised in San Francisco. The agency is led by Mary O'Connor RN, MS who is fondly known as "Mission Mary" after 30 years in San Francisco General's Emergency Department. Daughter Kathleen O'Connor, RN, MSN, FNP is also a former SFGH emergency room nurse.

After leaving San Francisco General, both women began careers in home care at several well known agencies in the Bay Area before Mary decided to form what is now the Bay Area Care Team.

With over 70 years combined experience, the nursing staff as well as the agency as a whole seeks to provide the San Francisco Bay Area with a higher standard of care.

This level of care has been awarded with the nationally recognized Home Care Elite Award from 2006 through 2010.
